MiniFinder[®] Zepto

Activation guide

Introduction

The goal of this quick guide is to help you get started with your MiniFinder Zepto, real-time tracking of your vehicles and managing your trip logs in the shortest possible time.

Installation

The following illustrations describe how to install MiniFinder® Zepto to the vehicle. Zepto is a plug and play device. After plugging in, you are finished with the installation. NOTE! The device comes with a pre-installed SIM-card with a data paln.

A Passenger cars manufactured from 2001 onwards and diesel cars from 2004 onwards support OBD2 connector. The socket is usually located in the cab (normally under the steering wheel).

B For those vehicles that do not support OBD2 connector, Zepto can be connected to the vehicle battery through an OBD Power Adaptor (accessory). The unit is directly connected to the bat-

NOTE! If you have received a login information for the APP from MiniFinder, please skip the device registration steps 1 and 2 below.

Device registration

1

Please go to my.minifinder.com to create your account and activate your device.

The screenshot shows the 'Register your MiniFinder' web form. It includes fields for 'Your e-mail' (with a placeholder 'Example, info@minifinder.com'), 'Device Type' (with four icons: a wristwatch, a circular device, a rectangular device, and a package), 'IMEI number' (with a placeholder 'Example, 123456789112345' and a red information icon), 'Password', and 'Repeat Password'. A 'PACKAGE' section shows a box with 'IMEI' and a barcode. A red 'LET'S GO' button is at the bottom.

MiniFinder triplog

Log in to triplog.minifinder.com with your login details or download the **MiniFinder Trip Log** APP from the Apple App Store or Google Play. Start the app or open your browser to log in.

Here is how to manage your trips through web browsers on a computer:

The screenshot shows the MiniFinder web interface. At the top, there's a navigation bar with the MiniFinder logo and a user profile icon. Below the navigation bar, there's a form for logging in or creating a new trip. The form includes fields for 'Inloggad som:' (logged in as), 'Fordon:' (vehicle), 'Från datum:' (from date), and 'Till datum:' (to date). A 'VISA' button is at the bottom of the form. To the right of the form is a map showing a route. Below the map, there's a table with trip data. The table has columns for '#', 'ID', 'Starttid', 'Startplats', 'Sluttid', 'Sluttplats', 'Total tid', 'Mittal start', 'Mittal stopp', 'Kilometers', 'Uppdrag/Ärende', and 'Kommentar'. The table contains 5 rows of trip data. To the right of the table, there's a sidebar with buttons for 'Sammanfoga', 'Exportera till PDF', and 'Exportera till Excel'. There are also input fields for 'Uppdrag/Ärende' and 'Kommentar'.
